Medical Products 7.1	Does the state classify any of the items listed below in Medical Products Disclosed Practice 7.2 as clothing, drugs, durable medical equipment, mobility enhancing equipment, over-the-counter drugs, prosthetic devices, or under a different state-specific definition (other than tangible personal property)? If yes, see Medical Products Disclosed Practice 7.2 for the classification. If no, Medical Products Disclosed Practice 7.2 does not need to be completed.	<input type="checkbox"/>	<input type="checkbox"/>	Enter text here	Enter text here
Medical Products 7.2	Place a check (X) in the appropriate column if the item is classified under one of those terms, provide the appropriate statute/rule city and indicate in the Comment column the defined term under which the item is classified. If the product is not classified under any of the terms listed in Medical Products Disclosed Practice 7.1 or a state-specific defined term do not check either column.  These tax administration practices identify how each state classified the products identified as "Not Classified by SSTGB" in Appendix L, but do not indicate the taxability of those products.
